REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Burke Middle High School has experienced an excellent year of growth primarily in areas of academics and building positive relationships between all stakeholders. Our faculty has embraced a new outlook on preparing our students for high academic success. I am pleased with the focus of our students as well as the support our community has provided us. In this first year as principal of this great school we have continued to gain support from many external stakeholders. They have supported extended learning, field experiences, and financial support through grants and scholarships.

Students at our school have continued to reach for academic excellence. Through the implementation of our Bulldog Period, we have provided students with targeted instructional assistance that has supported students to better prepare for standardized assessments. This targeted period of intervention has also allowed teachers and students to strengthen their relationships with each other as we also reinvigorated the Advisor/Advisee program through the support of our Overcoming Obstacles curriculum.

I am very pleased to be the principal of this great school. Through the vision established as the instructional leader, we will continue to Educate, Explore and Empower our students to be agents of positive change in this community.
